

Strength and Quality in Rapid-Mix® Epoxy

Product: Rapid-Mix® Epoxy

Epoxy cements are known for great strength. Leech Rapid-Mix® is no exception; proven in aircraft, automotive, marine and other industries for "tough" bonding applications. Recommended for use on china, ceramics, pottery, jewelry, wood, metal, fiberglass and masonry. For best results use at room temperature.

Features:

- Sets up in 4-6 minutes
- Dries clear
- Holds 1 ton per square inch
- Not affected by gasoline, oil or water when completely set
